R.No.23921-E(1)-49 Dated 9-4-1949.

Sub:-Establishment - Public Health - Bellary Municipality Creation of the post of Sanitary Superintendent - Proposal.
Ref:-Letter from the Municipal Commissioner,Bellary No. 2685/49=C1 dated 30-3-1949

In forwarding herewith a copy of the letter cited above, I recommend that the proposal may be approved. ~~The scale of pay of the post may be fixed as Rs.150-5-200 as already recommended by me in my letter R.No.55660-12 P.W.R/48 dated 4-12-1948.~~

The proposal is a move in the right direction and if it is accepted it will give a correct lead to other major Municipalities to follow suit. The Sanitary Superintendent will relieve the Health Officers of much of his routine duties thereby enabling him to devote more of his time for major Public Health problems. A compost scheme is also in full swing in Bellary Municipality. It will also be an inducement to the staff in as much as it opens an avenue of promotion for them. In the Madras Corporation there are a few posts of conservancy Superintendents in the scale of Rs.150-10-200/- reserved for senior Sanitary Inspectors.

Yours faithfully,

FOR DIRECTOR OF PUBLIC HEALTH,MADRAS

Copy of letter Rec.No.2685/49/C1 dated 30-3-1949 from the Municipal Commissioner, Bellary to the Director of Public Health, Madras through the Chairman,Municipal Council,Bellary.

Sub:-Public Health - Creation and appointment of Sanitary Superintendent - Sanction requested.

In his letter No. E1-2077/49 dated 16-3-1949 (copy enclosed) the Municipal Health Officer,Bellary represented that the town is very extensive, has been classified as Ist Grade from 1-4-1949 and it is therefore found difficult for him to bestow more attention to technical duties in additional to his routine work and wanted that a post of Sanitary Superintendent be created in this Municipality to entrust his routine work to him so that he could bestow more attention towards public health problems.

The Council in its Resolution No.1468 dated 28-3-1949(copy enclosed) has sanctioned the post. I request you to kindly accord your approval for the creation of a Sanitary Superintendent post in this Municipality from 1-4-1949 and fix the scale of the pay of the post.

Endorsement dated 31-3-1949 of the Chairman,Municipal Council,Bellary.

The Honourable P.S.Kumaraswamy Raja,

Premier, Government of Madras.

MADRAS.

I wish to bring to your kind notice the different anomalies perpetrated by the interested ~~parties~~ parties on the poor resources of our Bellary Municipality.

It is needless to inform you that the income of the Municipality is a taxation both on the poor and the rich and as such it is criminal to put personal interest more in the Fund to drain off the Municipal resources. In this connection it is regrettable to bring to your notice that your Colleague Honourable Seetnarama Reddy has taken pains to influence the concerned authorities viz., the Director of Public Health and the Secretary to the Local Fund Departments to create a unnecessary post of a Sanitary Superintendent in our Municipality for helping his friend, serving in the Municipality. Fortunately the novel appointment has not been taken up in other more and important and bigger Municipalities, and you can easily imagine how the poor finances of this Municipality is being squandered away for purposes beneficial only to an individual and not to a larger public.

May I request the Honourable Premier to intervene and prevent such a fruitless and frivolous expenditure to be incurred by the Municipality in ~~xxxx~~ the interest of the tax payers and in the noble cause of a common man in the street.

Yours faithfully

Rangappa

Sub: Estt. P.H. - Bellary Mty., - Creation of the post of Sanitary Superintendent.

--

Please see the letter of the Commr., Bellary Mty., and the recommendation of the D.P.H. on page 1 c.f. regarding the creation of a post of Sanitary Superintendent in the scale of Rs.150-10-200 in the Bellary Mty., The Bellary Ml.Cl. has resolved to create the post on the representation of the M.H.O. that the town is extensive and that he finds it difficult to bestow more attention to routine work in addn. to attending to major public health problems. The D.P.H. also recommends that the post if created would relieve the M.H.O. of his routine work and enable him to attend to major public health problems.

2. In this connection it is subd. that if the proposal of the Bellary Mty., is complied with, there will be similar proposals from other big municipalities. With reference to the memorandum submitted by the Sanitary Inspectors of ~~Madura~~ Mathura Mty., in June 1948 the D.P.H. has stated that there is no scope for promotion to higher posts so far as Sanitary Inspectors are concerned and he therefore recommended to Govt. to consider the creation of a category of posts viz., Sanitary Superintendents one for each of the bigger municipalities to assist the M.H.O. in conservancy and cleansing. The D.P.H's recommendation on the present proposal of the Bellary Mty., is that the creation of the post would relieve the M.H.O. of his routine duties, but his recommendation previously was that the Sanitary Superintendents would be able to assist the M.H.O in conservancy and cleansing.

ground on which the D.P.H. recommended whatever may be the ~~recommendation of the~~ the creation of the post of Sanitary Superintendents, it is subd. that the proposal was already considered by Govt. and dropped on the ground that the local bodies will not be able to bear the ~~extra~~ expenditure on account of the proposal.

3. In the circumstances, it is for orders whether the proposal of the Bellary Ml.Cl. may be negatived, ~~or sanctioned~~. L.A. may see for remarks.

Pl.see notes in paras 5 to 7 at pp.33-36 N.F. of G.O. 3069 P.H. dated 31-8-49 and para 4 of the G.O. at p. 39 of (V)

The notes at pages 1-2 ante may be perused. With refce., to Asst.Secy's note at 'A' on page 2 ante, it is subd. that the Govt. have since declined to approve the proposal of the D.P.H. for the appointment of Sanitary Superintendents etc., in connection with the provision of sanitary conveniences for improving village sanitation. The staff in this case dealt with in (V) was to be paid for by the Government. But the proposal in this file is for the creation of the post of Sanitary Supdt., in the Bellary Mty., (cost to be borne by the local authority) to assist the Municipal Health Officer, Bellary, in his routine work, so that the Ml.Health Officer may attend to major public health problems.

The papers at pages 3-5 c.f. may be perused. It is subd. that if Govt. were to accept the proposal in this case, then there will be similar proposals from other local bodies and it would be difficult for Govt. to resist such requests. Even in regard to the further revision of the pay of p.h. staff (Sanitary Inspectors, Vaccinators, Birth and Death Registrars etc.,) a number of local bodies were not in favour of further revision on the ground of poor financial condition of the local bodies vide notes at 'H' at page 8 of (R). In the circumstances, it is for orders whether the proposal may be negatived. L.A. may see for remarks.

Sanitary Supdt
have not so far been
appointed in other places.
The need for a Sanitary
Supdt in Bellary alone
is not apparent. There are
a no. of Sanitary Insps
in the cadre to assist the H.O.
The proposal may be
negatived.
